EV. FREELANCER FAMILY

Join the
EV. Freelancer Family
where independent
specialists come
together to shape the
future of visibility.

For over a decade,
EAST VILLAGE. has been
helping female founders to
be heard. Now, with your
help, we're supporting
them to be seen too.

We're building a new standard for how women are seen, heard, and valued: transforming their influence into their most powerful asset for growth and revenue.

We've evolved from a PR agency to The Visibility Agency, helping founders, leaders, and brands be seen in a changing world. That's because we believe that you can't be what you can't see, and you can't make money if no-one knows who you are.

Our mission is built on helping female founders to solve that problem: enabling clients to be so visible, so authoritative, and so well-positioned that they become undeniable in their space.

Meet TeamEV.

Our in-house team are highly-skilled account managers, who have been helping clients to tell compelling brand stories, create impact-driven campaigns, and secure impressive press coverage in top tier titles.

They are also excellent at cultivating client relationships: building out a strategy, managing their pain-points day to day, and relaying results in simple-to-understand reports.

They aren't experts in every area of visibility; and we don't believe they need to be. That's where you come in...

EV. FREELANCER FAMILY

We believe the best results come from bringing brilliant minds together.

Our mantra has always
been ‘collaboration
over competition.’
The EV. Freelancer Family
embodies that.
